Dear Noel,

I want to personally thank you for your donation during the CNN HEROES 2016 contest. It has been a great help to continue our work with the population with disabilities in Cali, Colombia.

I take this opportunity to tell you that today we attend 720 children with disabilities of limited resources in the district of Aguablanca in Cali. We provide them with special education, therapy, food and transportation services among other services for free. All these services, thanks to the support of donations sponsors like you that have sympathized with our work.

We also want to tell you that thanks to the award granted by CNN Heroes and the donations received, we were able to expand our institution to serve more children. We have built a four-story building, adjacent to our main headquarters. This will have a fully equipped: physiotherapy room, with new technology, 2 therapy offices, 6 classrooms, a recreation area and a new technology room. The building opens in October. With the opening of the new block, we can attend a total of 850 children and young people with disabilities.

We thank God for his blessings, for crossing people like you, with a great heart and solidarity with those who need it the most. We want to continue communicating our achievements and dreams for you to be part of each of them.

God bless you.

Sincerely,

Jeison Aristizabal
